165 Years Strong

Dear CHS Graduates and Friends,

This Bronze Tiger Campaign is Alumni's most ambitious fundraiser and we hope to involve every single person who has walked the halls of Circleville Schools. This gateway to the school campus will greet the community for hundreds of years.

We encourage you to dig deep for a generous gift. For \$500 or more, you will receive permanent membership to the Alumni Association. All others will count as your dues for this year.

This campaign will run through most of 2024 so if you'd like to divide a donation between 2023 and 2024, just let us know.

Alumni Now Asking For Your Gift

OUR GOAL is to completely fund the BRONZE TIGER STATUE with gifts from Circleville High School graduates to current and future students.

The Tiger in the Roundabout was the inspiration of Alumni Club members and has been developed for the last eight years. Now is the time to move forward and give a gift back to the students of Circleville. The Bronze Tiger will be a welcoming presence as students, staff, the community, guests and alumni come to the school campus.

About the Alumni Association: Circleville High School Alumni Association was established in 2005. The Alumni have given back to students with scholarships and have supported classroom activities for years. The annual CHS Alumni Race has been held for the past 12 years and is now hosted at the campus. The CHS Alumni Room was directly funded by Alumni (\$50,000). A recent donation to the Inspiration Station of Pickaway County will benefit all kids in our district and beyond. Each year the Achievement Hall of Fame selects distinguished alumni to be inducted.

Ohio Sculptor Chosen To Create Our Monument

Renowned sculptor Alan Cottrill visited Circleville in 2018 and was interviewed by the original committee. After seeing the roundabout, he envisioned this Tiger statue as a perfect fit. It combines a granite base with polished bronze words “Tiger Country”, bronze books and a bronze tiger. He has been refining this vision with the current committee as we move forward.

“This beautiful monument will be enjoyed for hundreds of years by the school and community.”

- Alan Cottrill

Alan studied in New York City at the Art Students League and the National Academy of Design. He took numerous trips to Europe to study the world’s greatest sculptures in person. His notable bronze structures include:

- ***John Glenn***
- ***Woody Hayes***
- ***Jack Hanna***
- ***The Massillon Tiger***
- ***Jesse Owens***
- ***Abraham Lincoln***
- ***George Washington***
- ***Brutus the Buckeye***

Alan grew up in the Appalachian region of Ohio. In 1996 he co-founded Coopermill Bronzeworks in Zanesville. More than 500 statues have been created at this bronze casting foundry.
